Stilian Ivailov Mihnev

Plovdiv, Bulgaria | +359 xxxx | stilianmh@abv.bg | https://github.com/Mihnevw

Summary

Junior Front-End Developer with expertise in JavaScript (ES6+), React.js, and building interactive web applications. Experienced in styling with SASS/SCSS, working with REST APIs, and using Git-based workflows. Studied at a Vocational High School of Informatics and passionate about learning and delivering high-quality, maintainable code.

Skills

- **Programming Languages:** JavaScript
- **Frameworks & Libraries:** React.js (Hooks, HOC, react-router-dom)
- **Styling:** SASS/SCSS
- Experience with Web applications, REST API'S, OOP
- **Tools & Technologies:** Git, REST API's

Experience

Front-End Developer

- Estimated and implemented tasks with clear acceptance criteria
- Takes input from QA teams and performs daily code reviews
- Ensured code quality and resolved bugs

Junior Developer

Freelance/Internship

- Worked extensively with JSON serialization/deserialization for REST API communication
- Assisted in front-end component development and debugging
- Experience with Git and GitHub
- • Created responsive layouts using HTML5, CSS3, and Bootstrap
- • Developed and optimized RESTful APIs using Node.js
- • Worked with database management systems such as MongoDB
- • Gained experience with React Router for efficient navigation in React apps
- • Optimized web application performance by reducing load times and enhancing user experience

Education

Bachelor's Degree in Informatics

Plovdiv University | 2024 – Now

- **Core JavaScript Competencies:**
    - *Basics:* Variables, operators, data types
    - *Control Flow:* Conditional statements, loops
    - *Objects & Arrays:* Accessing properties, using array methods
    - *DOM Manipulation:* Handling events, modifying HTML elements
    - *Asynchronous Programming:* Working with Promises, async/await, fetching API's

Additional Information

- **Hobbies & Interests:**

Avid reader of tech and non-tech books, outdoor sports enthusiast, and nature hiker. Passionate about self-development and continuous learning!
